SUBJECT: **REVISED OFFER FOR INSTALLATION OF NEW SWITCHES AT SUBOTICA RAILWAY STATION**

PROJECT: **Project of Modernization and Reconstruction of the Hungarian-Serbian Railway in the territory of the Republic of Serbia, Section Novi Sad-Subotica-State Border (Kelebija)**

Dear,

According to yesterday's meeting at your camp in Novi Sad and received time programe, we are sending you a Revised Offer for installation of new switches in Subotica railway station.

The prices we can offer are as follows:

No.	Description of works	Unit of measure	Unit price ($)
2/2.06.05-1	**ASSEMBLY AND LAYING OF SWITCHES ON CONCRETE SLEEPERS WITH ELASTIC TRACK FASTENINGS** The item incluedes assembly and laying of switches on concrete sleepers, fixing with elastic track fastenings. Measurement and payment per assembled and laid switch.		
	60E1-300-6°	pcs	5.700
	49E1-300-6°	pcs	5.300
	60E1-200-6°	pcs	5.000
	60E1-215-6° diamont crossing	pcs	5.000
	49E1-200-6°	pcs	5.000
	60E1-215-6°	pcs	5.000

We cannot offer welding, because we cannot fit into your price.

NOTE:

- The unit price implies that the switches and sleepers have already been delivered to the construction site.

- Surveying is your responsibility.

- In accordance with the work program that you submitted to us yesterday, we can install all 35 switches in the defined time interval. We will hire additional teams to install all the switches and there will be no delays from our side.
